

The Early Childhood Conference

A Spectacular Virtual Experience

FEATURED PRESENTER

Dr. Mike Longoria

Mike Longoria, a.k.a. Dr. Mike!, has over 25 years of early childhood experience in the capacity as a Pre-K, kindergarten, and special education teacher, Head Start administrator, university professor, independent consultant, curriculum developer, and recording artist. Dr. Mike presents at national early childhood conferences and also conducts professional development for early childhood educators across the country. His passion, knowledge, and innovative approach to early childhood education makes learning what it should be—fun and exciting—but most importantly, it meets the needs of ALL children.

Early childhood professionals leave Dr. Mike’s sessions motivated, and aware of the importance of integrating music and movement within their instruction to benefit cognitive, linguistic, physical, mental and social development. This form of “brain-base teaching” promotes accelerated learning and longer retention while bringing JOY to education.

Conference Sessions

Thursday, April 22 2021

10:00 am - 11:00 am

Music, Movement, and Learning: Building Muscles in Young Brains!
