## Red Grammer

Critically acclaimed, Grammy-winning recording artist **Red Grammer** has set the gold standard for writing and performing contemporary children's music. Consistently winning awards for his uplifting themes, clever lyrics and irresistible melodies, Red has created a treasure trove of music that brings joy, hope and laughter to families and learning environments all around the world.

Red believes children are intelligent, inquisitive and "pre-wired" to learn how to work together and build a better world. His music helps children become effective problem-solvers, embrace diversity, and live up to their highest capacity... laughing and singing as they go. For over 30 years Red has been delighting audiences of all ages via his award-winning recordings, his acclaimed concerts, and his numerous appearances on television. Beloved by children and parents around the world, Red's recordings are also widely used in schools to enrich their reading, character education, conflict resolution, and anti-bullying curriculums. Red has recorded seven albums for kids and families, and two for adults. His recording, "Teaching Peace", was named "one of the top five children's recordings of all time" by *The All Music Guide* and was given a rare Parent's Choice Classic Children's Audio Award and his "BeBop Your Best!" was nominated for a Grammy. In 2005 he was a featured artist on the Grammy-winning Best Musical Album for Children, "cELLAbration: A Tribute to Ella Jenkins". An exuberant love letter to Mother Nature and our planetary home, Red's newest recording represents an extraordinary collection of some of his best songs ever.

*"Picking the best of Red Grammer is like picking the best chocolate in a box of Godiva: there's no way you can lose!" – Parents' Choice Awards.*
