

The Early Childhood Conference

A Spectacular Virtual Experience

KEYNOTE PRESENTER

Red Grammer

Critically acclaimed, Grammy-nominated recording artist Red Grammer has set the gold standard for writing and performing contemporary children’s music. Consistently winning awards for his uplifting themes, clever lyrics and irresistible melodies, Red has created a treasure trove of music that brings joy, hope and laughter to families and learning environments all around the world.

Red believes children are intelligent, inquisitive and “pre-wired” to learn how to work together and build a better world. His music helps children become effective problem-solvers, embrace diversity, and live up to their highest capacity... laughing and singing as they go. For the last 30 years Red has been delighting audiences of all ages via his award-winning recordings, his acclaimed concerts, and his numerous appearances on television. Beloved by children and parents around the world, Red’s recordings are also widely used in schools to enrich their reading, character education, conflict resolution, and anti-bullying curriculums. Red has recorded six albums for kids and families, and two for adults. His recording, “Teaching Peace”, was named “one of the top five children’s recordings of all time” by The All Music Guide and was given a rare Parent’s Choice Classic Children’s Audio Award and his latest “BeBop Your Best!” was nominated for a Grammy. Red’s extensive concert tours have taken him all over the U.S. and Canada, as well as Europe, China, Russia and Africa.
