Mr. Jeff (Jeff Klemm)

Mr. Jeff (Jeff Klemm) wears many hats as a multi-instrumentalist musician, songwriter, music teacher, audio engineer, and a former Pre-K teacher. He spent four years guiding and inspiring groups of children on a daily basis in his preschool classroom. Music, theatrics, and reading are three of his passions, which he enthusiastically weaves into his trainings, performances, original songs and music lessons. Mr. Jeff releases really fun and educational music videos on his beloved YouTube channel, and has over 100,000 views!

Mr. Jeff's sessions are nothing short of high energy interactive extravaganzas, featuring gross motor movement, social emotional learning, and rocking out! Mr. Jeff's debut children's album, *Wonderful! Wonderful! Wonderful!* is a treasure trove of imaginative original songs inspired by circle time in his preschool classroom. His dedication to children's music and education led him to earn the title of "Best Kids' Jam Session 2020" by Akron Life Magazine. These days, Mr. Jeff is nurturing the next generation of rockstars through private music lessons and music videos. Beyond creating children's music, he is a prolific musician with four full-length original albums, several EPs, and many singles for grown-ups. He has spent the last decade traveling, touring, and performing in 41 states with his various bands.
